

EMPLOYMENT MENTORING SESSION FOR SOFTWARE ENGINEERS:

PROGRAMMERS, DATABASE DEVELOPERS & WEB DEVELOPERS

If you worked as a software computer engineer, programmer, or web developer in your first country, and would like to know about the process of finding a job in this field in Canada, you are invited to join our Employment Mentoring Session on January 25.

In this session we will talk about how to write your resume, search for a job and prepare for a job interview.

Speaker: Afshin Khashei, Software Development Manager at Amazon

To register contact: Front Desk office@nsms.ca, 604.988.2931

This program is government funded and free of charge.

This session will be presented in Farsi

Details

The Employment Mentoring program can help you to:

- Meet a Canadian Professional from your field
- Understand different work options available to you
- Learn what you can do to return to your field
- Meet other new immigrants with whom you can share your stories, experiences and successes

This workshop will be presented in Farsi
