

EMPLOYMENT MENTORING SESSION FOR INFORMATION TECHNOLOGY

If you worked as an IT engineer in your first country, and would like to know about the process of finding a job in this field in Canada, you are invited to join our Employment Mentoring Session on July 19th.

In this session we will talk about the possible education to refresh your background and other work options in this field.

Speaker: Mohammad Akhlaghi, Top 30 Under 30 BC Business, Senior Engineer Intel Canada

To register contact: Front Desk office@nsms.ca, 604.988.2931

This program is government funded and free of charge

This session will be presented in Farsi

Details

The Employment Mentoring program can help you to:

- Meet a Canadian Professional from your field
- Understand different work options available to you
- Learn what you can do to return to your field
- Meet other new immigrants with whom you can share your stories, experiences and successes

This workshop will be presented in Farsi
